# Known Issues

## Purpose

- Track known gaps and mismatches between docs and implementation. (README.md)

## Active Issues

- Intended behavior: README lists a PRD download endpoint. (README.md)
- Current behavior: TODO (not found in repo)
- Intended behavior: Makefile `web` target calls `python meai_web/app.py`. (Makefile)
- Current behavior: TODO (not found in repo)
- Known focus areas include vendor ranking, capability-aware matching, geometry-aware prompting, export to PDF, and file uploads. (README.md)

## Mitigations

TODO (not found in repo)

## Monitoring

TODO (not found in repo)
